

Randolph Public Schools

“Where Tomorrow is Built Today”

Dear Randolph Community Business/Organization,

In an effort to continue community involvement with Randolph Public Schools, we are starting an Adopt-A-Door program to get businesses/organizations into our school. The idea is that once a month on a Monday morning between 7:30-7:50 AM, 2-4 representatives (employees/volunteers) from local businesses/organizations will take turns greeting students in the entrance of the school(s) as students are walking into the school building. Each business/organization would be signed up to greet at least once during the school year and multiple times if willing. On their assigned day, we would encourage them to wear their work uniform/attire to represent their business/organization.

At approximately 7:50 AM, a school representative will give them a tour of the school. Please consider having personnel from your business/organization to greet students on a Monday morning. We hope it is a joint effort in promoting your business/organization as well as showing off the wonderful education afforded at Randolph Public School.

Please sign up if interested in participating in Monday Adopt-A-Door which we will start in September. Return below form to the school office or address below.

If you have questions, please contact us at (402) 337-0252 (H.S.) or (402) 337-0385 (ELM.)

Sincerely,

Brandi Bartels & Denton Beacom

We are interested in the Adopt-A-Door program at Randolph Public School. Please assign us to **once this year / multiple times this year (circle one)**.
