Community RelationsStatement of Intent

It is the desire and intent of the Board of Education that there be continuous planned public relations activities for all participants in the school community - for students, staff, parents and for the public at large. The public relations efforts should emanate from the school, as well as from the administrative offices.

Because the Board is proud of the staff, students and the school, public relations activities should encompass all areas of school life, including regular instructional activities, special events of unusual interest, extra-curricular activities, accomplishments of students and staff and Board of Education activities.

The purpose of the public relations activities shall be to inform so that all participants in the public education endeavor may gain pride in and understanding of their schools.

Methods of Communication

The Board of Education will use various media to keep the public informed—including news releases to the area newspapers, issuance of newsletters, school newspapers, presentations before parent groups and other community organizations.

All Board of Education publicity releases shall be made through the Superintendent. The Superintendent shall establish procedures for the dissemination of information regarding deliberations and decisions of the Board of Education. The Superintendent shall also establish procedures for the dissemination of local school news, emphasizing student and staff activities and achievements.

Date of Adoption: July 21, 2014

Community RelationsVisiting School

Parents and other interested individuals are encouraged to visit school and are to be made welcome by the respective building staffs and student bodies. Under ordinary circumstances, the teacher being visited by a parent should continue with the regular classroom work. It is desirable that any individual parent-teacher conference be held before or after school in order that the normal instructional activities not be disrupted.

Contacts during school hours with non-school individuals and agencies for materials, service, or programs may be made only with the approval of the principal.

For security reasons, all school personnel and students are asked to see that all visitors are courteously directed to the building principal's office. In addition, the administration may exercise its discretion and has the authority to direct that certain individuals who may pose a threat of harm to students or staff or who may create or have created a disruption to the educational program be prohibited from being on school grounds.

Employees in school buildings shall report to the principal immediately any person loitering on or near the school grounds. If necessary, the principal will notify the appropriate law enforcement agency to investigate the situation.

Community RelationsCitizen Communication to the Board of Education

The Board of Education recognizes the necessity for open communication with students, parents, patrons and staff but is also aware that a procedure for processing concerns and complaints is imperative to the normal operations of the District. It is the intent of the Board that concerns and complaints be resolved at the lowest possible level.

Complaints Made to Individual Board Members

Members of the Board of Education have no authority or power to act on behalf of the Board or the District except when acting as a member of the entire Board at a duly called board meeting or when acting with express, specific authority granted by the Board or by law. Should any member of the Board be approached by a student, parent, patron or staff member who has a concern or complaint, the member should:

1. Listen attentively to the concerns but not take any inflexible position.
2. Instruct the individual about the District's process for resolving concerns and complaints and direct the individual to the appropriate complaint or grievance procedure or to the Superintendent for information concerning such procedures. If the concern or complaint involves a teacher, the individual should be informed to discuss the matter with the teacher first.
3. Inform the Superintendent of the concern.

The Board and the District shall not be bound in any way by the action or statement on the part of any individual Board member or committee, except when such statement or action is taken or made in conformance with express, specific authority granted by the Board or by law.

Complaints Made to the Board

Concerns or complaints may be made to the Board of Education at a duly called Board meeting at such time as the agenda provides for public participation or comment.

In the event the complaint involves a personnel matter relating to an employee of the District, the individual raising the complaint shall be directed to first exhaust the appropriate complaint or grievance procedure. The board shall not respond or take action on such a complaint until such complaint or grievance procedure has been exhausted, unless it is determined by the Board, under the circumstances, that an immediate response or action is required.

Individuals raising concerns or complaints involving non-personnel matters which may be the subject of a complaint or grievance procedure may also be directed to first use such complaint or grievance procedure.

Community RelationsParent/Patron Comment Forms

Parents and patrons may file a comment with the Superintendent. Comment forms are available in the office of each building. These forms are intended to help resolve issues, arbitrate disputes, facilitate understanding, recognize achievements, and commend success.

Comment forms which have been properly filed with the Superintendent which directly involve a staff member shall be forwarded to the staff member's immediate supervisor for analysis, discussion, and resolution. The forms shall be retained in a separate confidential file in the office of the staff member's immediate supervisor for a period of three years. At the end of the three year period they may be discarded. Comment forms shall not be placed in the staff member's personnel files unless deemed appropriate by the Superintendent or immediate supervisor.

The Superintendent shall prepare and distribute each year an Annual Report in accordance with Rule 10, Regulations and Procedures for the Legal Operation of Schools. The Annual Report shall be distributed to residents of the School District by the Superintendent distributing it to the members of the Board of Education and to the parents of students enrolled in the School District each school year and making it available to other residents. - D. School system financial information.

The Superintendent shall further ensure that the School District implements a systematic on-going process that guides planning, implementation, and evaluation and renewal of school improvement activities to meet local and statewide goals and priorities. The school improvement process shall further include the following activities at least once within each five years:

The Superintendent shall establish a fee schedule for the copying of school district records, provided that such fee is not to exceed the actual cost of making the copies available. Actual costs of making copies available include: Paper, discs, and other hard copy materials, copier device costs (equipment lease, depreciation and maintenance), electricity and the cost of personnel. If the copies requested are estimated by the School District to be more than fifty dollars (\$50.00), the School District may require the requester to furnish a deposit prior to fulfilling such request.

4. Upon written request for access to records, the School District will provide to the requester as soon as is practicable and without delay, but not more than four (4) business days after actual receipt of the request:

(a) Access to or, if copying equipment is reasonably available, copies of the school district records requested;

(b) A written denial of the request, or portion thereof, if there is a legal basis for such denial of access to school district records on a written form from the school district. [See,

Community RelationsCommunity Use of School Facilities

School facilities are primarily intended for the District's educational and extracurricular activity programs. School facilities are, however, made available for use by outside groups to further the interests of the District and the community. Use by non-school groups is allowed pursuant to an application process and is subject to the terms and conditions set forth in this policy.

1. Application for Use.

Outside groups that wish to use school facilities must submit a completed Application for Use form signed by a representative of the outside group who has authority to commit the outside group to the terms and conditions of the Application. The outside group, as Applicant, shall specify the nature of the intended use, the dates and times of the requested use, and the facilities for which use is requested.

The form shall be developed by the administration. The form shall include the statement that:

This application is subject to the terms of the Board's "Community Use of School Facilities" policy. The terms and conditions of that policy are incorporated into this application by this reference. Applicant accepts all such terms and conditions.

2. Acceptance of Application for Use.

Acceptance or rejection of applications shall be the responsibility of the Superintendent or the Superintendent's designee.

Applications shall not be rejected for any unlawful reason, including unlawful discrimination on the basis of race, national origin, gender, religion, disability, age, marital status, or veteran status, and including the applicant's legally protected exercise of constitutional or statutory rights.

The District's facilities are designated as nonpublic forums. Accordingly, applications shall not be accepted for:

- a. Uses that may conflict with or that disrupt the District's educational or extracurricular activity programs.
- b. Uses inconsistent with the mission of the District.
- c. Uses that present an unacceptable risk that the conditions of use set forth in this policy will not be adhered to; either due to the nature of the requested use or the character of the group or individuals within the group.
- d. Uses that present an unacceptable risk of damage or unacceptable wear and tear to facilities or equipment.

- e. Uses for outside commercial activities except with approval of the Board; and except for camps and other activities for high school students subject to and consistent with Bylaws of the Nebraska School Activities Association.
- f. Uses that involves gambling or games of chance that require a license under the Nebraska Lottery and Raffle Act.
- g. Uses that involves a group or activity which advocates or condones the violent overthrow of the Constitution or of the government.
- h. Uses that involve the meetings of secret clubs not open to members of the public.
- i. Non-community type uses such as wedding receptions, slumber parties, personal use and similar activities.

Applications for use of facilities may be denied based on unsuitability of the date or time of the requested use. Facilities will generally not be available for community use at times when school staff are not available to monitor the Applicant's use, such as on legal holidays; before 7:00 a.m.; after 10:00 p.m. and Sunday mornings prior to Noon.

Leases of school facilities require approval of the Board. As such, Applications that request long-term use of facilities in the nature of a lease will be denied.

Applications may be denied based on the determination of the Superintendent or the Superintendent's designee that the Applicant does not have the financial ability or financial responsibility to pay fees or expenses or to reimburse the District for any damages that may be sustained to facilities or equipment or any liability that may be created by the use.

When an Application conflicts with another Application, the Applications will be accepted according to the following priority order:

- a. Events or activities that are designed to service students of the District or which are related to any function of the District, including approved school-community associations and school-affiliated non-profit groups.
- b. Tax-supported agencies such as educational entities or units of city, county or state government.
- c. Nonprofit community agencies such as private educational agencies.
- d. Groups where the majority of the members reside within the District.

For use conflicts within each group, priority will be given to the first to submit their Application; provided that the Superintendent or the Superintendent's designee may approve an Application that is not first-filed if the other Applicant's use could be feasibly changed to a non-conflicting time or area.

Applications that are accepted may not be assigned or transferred to another outside group.

Applications that are accepted are subject to cancellation by the Superintendent or the Superintendent's designee. Cancellation will occur in the event the administration reasonably determines:

- a. Any of the reasons for non-acceptance of an application exist.
- b. The Applicant fails to meet any term or condition required prior to the use. This includes but is not limited to failure of the Applicant to pay required fees or deposits or failure to show evidence that any required insurance is in place.
- c. Circumstances make the use unsuitable. This includes but is not limited to:
 - i. The condition of the facilities being unsafe. For example, the presence of snow, ice, fallen limbs or other potential hazards that the school would not otherwise clear prior to the activity or event. The Applicant may request that the District clear the hazards such that it may proceed with its activity or event. If the District agrees to do so, the Applicant shall be responsible for all costs incurred by the District in clearing the hazard.
 - ii. School staff being unavailable to monitor the use or to provide set-up or clean-up services where the District has accepted responsibility for such.
 - iii. The need to use the facilities for a school activity or purpose.

Generally, if school is closed on the date of the Applicant's intended use due to inclement weather or hazardous conditions, the Applicant's use will be cancelled.

The Applicant shall remain responsible for fees or expenses, and any deposit that has been received by the District shall be forfeited and be kept by the District, if cancellation occurs because of the fault of the Applicant. Otherwise, the District will return any deposit that has been received by the District. The District will in no event be responsible for any damages, expenses, or losses incurred by the Applicant or any person arising from the cancellation.

An Applicant may withdraw its Application at any time prior to acceptance. An accepted application may be withdrawn by the Applicant, subject to approval of the Superintendent or the Superintendent's designee. Approval is subject to the conditions that the Applicant has given reasonable advance notice (ordinarily, at least 48 hours) and that the Applicant reimburse the District for any expense the District has incurred.

3. Conditions of Use.

The conditions for use are as follows:

- a. Compliance. Applicant agrees to:
 - i. Comply with all local, state and federal laws, including health and fire codes.
 - ii. Comply with Board policies concerning non-discrimination and the use of school facilities.
 - iii. Comply with reasonable administrative rules related to use of facilities and the requests of school officials related to the Applicant's use of the facility.
- b. Disclaim School Sponsorship. The District does not sponsor or endorse the Applicant or the activity or event conducted by the Applicant. To ensure that the

public understands this fact, the Applicant agrees to not make any statements suggesting such sponsorship and to publish statements of non-school sponsorship in such form and manner as the administration may request.

- c. Supervision. Applicant agrees to provide appropriate supervision of the activity or event in all respects, including supervision reasonably necessary to ensure that no person participating in or attending the activity or event:
- i. Is presented with conditions that pose an unreasonable risk of personal injury or damage to personal property.
 - ii. Enters any area of the school facilities that the Applicant has not been given permission to use, or accesses any school records.
 - iii. Engages in the use of tobacco, alcohol, or illegal drugs, or is under the influence of alcohol or illegal drugs.
 - iv. Possesses a firearm or a weapon.
 - v. Engages in disorderly, lewd, or lascivious conduct.
 - vi. Engages in any criminal behavior.

Applicant shall remove any person from the activity or event who engages in any of the above listed conduct. Applicant agrees to report to the school administration by the close of the next business day the identity of any person who engaged in any of the above listed conduct and the details of the conduct. If the offending person is a student, the report shall be made immediately.

In the event the school administration determines that the nature of the activity or event warrants the presence of security services, Applicant agrees to provide such security services.

Applicant agrees to ensure that all persons attending its activity or event are off school grounds at the end of its time of permitted use, except for students or school staff who are authorized to remain for a school-related purpose.

- d. Condition of Premises. Applicant agrees to:
- i. Conduct a reasonable inspection of the premises prior to the activity or event to ensure that the premises are safe for the intended use. In the event of any unsafe condition, Applicant shall notify an administrator. In the event the unsafe condition is not corrected prior to the activity or event, the Applicant shall postpone or cancel the activity or event.
 - ii. Not use or allow any school equipment to be used without express approval of school administration.
 - iii. Not bring or allow others to bring food or beverages on to school grounds without express approval of school administration.
 - iv. Not bring or allow others to bring or use any flammable items (including candles or incense) or any volatile chemical or any explosive.
 - v. Not use any electrical equipment that has been brought onto the premises without express approval of school administration.

- vi. Not allow the wearing of street shoes or shoes with black soles on gym floors or other protected surfaces.
 - vii. Not park or allow others to park in fire lanes or reserved spaces or in any manner inconsistent with the school's parking rules.
 - viii. Not cause or allow others to cause damage to school facilities or equipment.
 - 1. In the event damages are sustained, Applicant accepts responsibility for reimbursing the District for the cost of repair or replacement.
 - 2. Applicant agrees that the school administration's determination that damage was sustained in connection with the Applicant's use, and of the cost of repair or replacement, is controlling.
 - 3. Applicant shall immediately report to the school administration any damage to school facilities or equipment that occurs during the Applicant's use of school facilities that may present a risk of injury to students or any subsequent users. Any other damage shall be reported by the close of the next business day.
 - ix. Return the facilities in as good a condition as it was prior to use. This includes, without limitation, cleaning, removal of trash, and returning tables and chairs and other school property to their proper location. The clean-up shall be promptly completed. In the event the District provides the clean-up service, Applicant agrees to reimburse the District for the cost of such clean-up.
 - x. Remove any property brought in by the Applicant and by any person attending the activity or event. The District is not responsible for any personal property that is left on the premises.
- e. Financial Responsibility. Applicant agrees to:
- i. Procure, at its own expense, a Comprehensive General Liability insurance policy naming the District as an additional insured. This policy shall be written with a minimum of \$1,000,000 Combined Single Limit per occurrence. A Certificate of Insurance evidencing coverage must be submitted prior to the Applicant's use.
 - ii. The insurance requirement is subject to waiver by the Superintendent or the Superintendent's designee only in circumstances where the intended use presents very little potential for injury or damage and the activity or event is designed to serve the District's students or staff.
 - iii. Indemnify and hold the District, the Board, school employees and agents of the District harmless from any and all claims, demands, causes of action, or lawsuits for any death or personal injury or damage to property sustained during, caused by or arising out of the Applicant's use of school facilities.

4. Fees for Use.

The Superintendent or Superintendent's designee shall establish a daily use fee schedule that establishes rates for specific parts of the school facilities (that is, kitchen, auditorium, gymnasium, athletic field, classrooms, meeting rooms). The rates shall be reviewed on a periodic basis; with the review to occur no less than every two years.

The fee rates shall be in an amount sufficient to cover estimated staff time and direct costs associated with:

- a. Processing. Cost of processing the Application, postage, invoicing and coordination of the use.
- b. Access. Cost of providing access; such as unlocking doors before use and locking after use, turning lights on and off, and disarming/re-arming security systems.
- c. Custodial. Cost of providing custodial or maintenance services to prepare the facility for the use and for clean-up after the use.
- d. Kitchen. Cost of providing access to the kitchen facilities; as ordinarily any permitted use of the kitchen will require the presence of a member of the school's food service staff or administrative appointee, at a rate commensurate with their normal wage.
- e. Special Equipment. Cost of making special equipment available such as sound and lighting set-up; as ordinarily any permitted use of special equipment will require the presence of a member of the school's staff who is familiar with proper use of the equipment.
- f. Monitoring. Cost of administrative or other professional staff to monitor the Applicant's use to ensure compliance with the terms and conditions of the permitted use.
- g. Security. Cost of providing security services when determined to be needed for the activity or event.

The fee schedule shall be applied evenly to all Applicants, with two exceptions:

- a. A different fee may be assessed where the Superintendent or Superintendent's designee reasonably determines that the Applicant's use will require staff time or cause direct costs different than those used in establishing the fee schedule.
- b. A fee waiver or reduced fee rate shall be given for use where the activity or event is designed to serve students of the District or children; such as approved school-community associations and school-affiliated non-profit groups and summertime sports leagues, sports camps, etc., that are subject to NSAA regulations.

5. Use Consistent with NSAA Bylaws.

Use of school facilities for activities that are subject to the Bylaws of the Nebraska School Activities Association (NSAA) shall be permitted subject to and in accordance with the NSAA Bylaws. Such use shall be consistent with this policy for non-school groups. Examples of acceptable use of school facilities for activities are:

- a. Summer Leagues. There must be evidence that the organization or individual conducting the league has rented or leased the facility (for example, via an Application for Use) to prove the school is not involved in its sponsorship or funding.
- b. Commercial Sport Camps/Clinics. School facilities for use by individuals, including the District's own coaches or other organizations for commercial camps/clinics or schools. Camps conducted by high school coaches shall be publicized as open to all area individuals wishing to attend and not limited to students from the coach's high school.
- c. All-Star competition that involves graduated seniors.
- d. Competitive meets and contests sponsored by non-school groups.
- e. Facilities approved under the above stipulations include: gymnasiums, tracks, tennis courts, athletic playing fields, and baseball and softball diamonds.

School facilities are primarily intended for the District's educational and extracurricular activity programs. School facilities are available for use by outside groups to further the interests of the District and the community. Use by non-school groups is allowed pursuant to an application process and is subject to the terms and conditions set forth in board policy 1100.

Applications for use of facilities may be denied based on unsuitability of the date or time of the requested use. Generally, if school is closed on the date of the Applicant's intended use due to inclement weather or hazardous conditions, the Applicant's use will be cancelled. Applications that are accepted may not be assigned or transferred to another outside group.

The fee schedule shall be applied evenly to all Applicants, with two exceptions:

- a. A different fee may be assessed where the Superintendent or Superintendent's designee reasonably determines that the Applicant's use will require staff time or cause direct costs different than those used in establishing the fee schedule.
- b. A fee waiver or reduced fee rate shall be given for use where the activity or event is designed to serve students of the District or children; such as approved school-community associations and school-affiliated non-profit groups and summertime sports leagues, sports camps, etc., that are subject to NSAA regulations.

General Fees will be as follows for following areas. All fees should be paid in advance:

- Classrooms, board room, libraries: \$10.00 per event
- High School Commons, Elementary and High School Gyms: \$15.00 per event
- If the Commons or Gym areas will be in use all day, a rental fee of \$100.00 + \$75.00 custodial/set-up fee will be charged. The custodial/set-up fee may be returned if the renting organization provides adequate help to set up and will clean the facility after it is used.
- Adult leagues that use the facilities for a "season" will have the representative of each team collect \$10.00 from each participant to be turned into the school office. Length of each season is determined by the building principal and team rep.
- Kitchen: If the use of the facilities involves more than the incidental use of the kitchen, the presence of a member of the school's food service staff or administrative appointee may be required, at a rate commensurate with their normal hourly wage.

Community RelationsUse of School Facilities: Student Groups and Boy Scouts

1. Access by Youth Organizations. The District will allow, upon request, a representative of a recognized youth organization to provide: (1) oral or written information to students regarding the youth organization and how such youth organization furthers the educational interests and civic involvement of students in a manner consistent with good citizenship; and (2) services and activities to any student who is a member of such youth organization. A “recognized youth organization” is limited to those group listed in 36 U.S.C. Subtitle II, Part B. Each requesting youth organization will be permitted to provide information at school at least once during each school year. The administration will make a good faith effort to find a mutually agreeable date, time, and location for each requesting youth organization, though the administration shall have the ultimate authority to select the date, time, and location for any requesting youth organization. Under no circumstances will any requesting youth organization be permitted to provide oral information to students during instructional time, unless previously approved by the Superintendent or Superintendent’s designee. Every representative from a requesting youth organization must submit to, at the organization’s cost, a background check. The Superintendent or Superintendent’s designee may refuse to allow an individual to be on school grounds if the individual's background check discloses a prior felony conviction or if, in the Superintendent’s discretion, the background check otherwise reveals concerns about student safety. Nothing in this Paragraph preempts or undermines any provision of the District’s Parental Involvement Policy.

2. Equal Access to Student Groups. In the event any of the secondary schools (grades 6-12) have a limited open forum as defined in the Equal Access Act, such school(s) shall not deny equal access or a fair opportunity to, or discriminate against, any students who wish to conduct a meeting within that limited open forum on the basis of the religious, political, philosophical, or other content of the speech at such meetings. A limited open forum for this purpose exists if the secondary school grants an offering to or opportunity for one or more noncurriculum related student groups to meet on school premises during noninstructional time.

All such student meetings at school are subject to the following requirements:

- a. the meeting must be voluntary and student-initiated;
- b. there must be no sponsorship of the meeting by the school or its agents or employees;
- c. employees or agents of the school are present at religious meetings only in a non-participatory capacity;
- d. the meeting must not materially and substantially interfere with the orderly conduct of educational activities within the school; and
- e. non-school persons may not direct, conduct, control, or regularly attend activities of the student group.

The administration shall in all respects maintain the District in compliance with the Equal Access Act.

3. Equal Access to Boy Scouts. If the District provides an opportunity for one or more outside youth or community groups to meet on school premises or in school facilities before or after school hours, the District shall not deny equal access or a fair opportunity to meet to, or discriminate against, any group officially affiliated with the Boy Scouts of America. The same principles apply to any other youth group listed in Title 36 of the United States Code as a “patriotic society.” The administration shall in all respects maintain the District in compliance with the Boy Scouts of America Equal Access Act.

The use of school facilities for student meetings and Boy Scouts as provided above shall be subject to the same provisions as other community, non-school groups and may be required to complete a community use application as and to the same extent as other noncurriculum related student groups (in the case of student meetings) and other outside youth or community groups (in the case of the Boy Scouts).

This prohibition applies to all persons, including staff, students and community members, regardless of the content or context of the image or sound; however, this provision shall not apply to District-sponsored athletic or activity events where the focus of the recording or transmission is on the student performances or activity. Nothing in this provision shall prohibit the recording of an Individualized Education Program meeting if the recording is necessary to ensure that the parent understands the IEP or the IEP process or to implement other parental rights guaranteed by the Individuals with Disabilities Education Act.

- b. If the report is not satisfactorily resolved within ten calendar days, or if the discrimination or harassment continues, please report your complaint to the Superintendent of Randolph Public Schools.

- c. If a satisfactory arrangement cannot be obtained through the Superintendent, the complaint may be processed to the Board of Education.

Community RelationsTitle IX – Procedure for Complaints of Sexual Harassment**A. Complaint Procedure - Generally**

1. Reporting Procedures: All employees are responsible for helping to prevent sexual harassment. Employees or students who believe they have been subjected to, or believe they have witnessed sexual harassment should follow these procedures:

1. Directly inform the person engaging in the discrimination or harassment that such conduct is offensive and must stop.
2. For employee reporters, contact your principal or supervisor, the principal or supervisor of the offending person, or the Title IX Coordinator if you do not wish to communicate directly with the person whose conduct is offensive or if direct communication with the offending person has been ineffective.
3. Report the matter to the Title IX Coordinator if the offending conduct continues or has not been resolved to your satisfaction after you have reported the matter to a principal or supervisor.
4. For student reporters, contact any teacher, counselor, or administrator, or the Title IX Coordinator.
5. Report to the Title IX Coordinator if you are the adult to whom the student has made a report so that the matter can be properly resolved. The Title IX Coordinator is:

2. District Actions upon Report of Sexual Harassment or Sexual Misconduct: Upon receipt of a report of sexual harassment, the Title IX Coordinator, or designee, including but not limited to a building principal or assistant principal, will conduct an initial inquiry. The first step of the inquiry will typically include a preliminary meeting between the individual whom the reporting party alleges has been subjected to sexual harassment or sexual misconduct and the Title IX Coordinator, or designee. The initial inquiry may also include a meeting between the Title IX Coordinator, or designee, and the individual whom the reporting party alleges has committed sexual harassment or sexual misconduct. The purpose of these meetings is to gain a basic understanding of the nature and circumstances of the report, it is not intended to be a full investigative interview. During the initial assessment, the reporting party may also receive

information about resources, rights, procedural options, and supportive measures. The Title IX Coordinator, or designee, may inquire into whether the person who has is alleged to have been subject to sexual harassment or misconduct requests resources, no further action, supportive measures, and/or initiation of the “Formal Complaint” process. The Title IX Coordinator will make a reasonable effort to respect the wishes of the person who experienced sexual harassment or sexual misconduct; however, if the reported incident constitutes an imminent or ongoing threat to school safety, based on the assessment of the Title IX Coordinator, then the Title IX Coordinator may file a Formal Complaint, on behalf of the District, with or without the consent or permission of the person who has experienced sexual harassment or sexual misconduct.

With or without a Formal Complaint, allegations of sexual harassment or discrimination shall be investigated and if substantiated, corrective or disciplinary action will be taken, up to and including dismissal from employment, if the offender is an employee, or suspension and/or expulsion, if the offender is a student. Retaliatory action will not be taken against any person for reporting discrimination or harassment. This policy does not limit or prohibit the District from instituting disciplinary measures pursuant to other Board Policy, rules, or other expectations if the District determines that a person violated District rules or expectations.

B. Formal Complaint Process

The following procedures apply only in the event that a Formal Complaint is filed. All other reports of sexual harassment shall be resolved using the general complaint procedure. Any timelines set forth in the following procedures may be extended by the Title IX Coordinator with notice to the parties.

1. Misconduct Which May Be Investigated Under a Formal Complaint: The Formal Complaint process is only available if the Formal Complaint alleges: (i) conduct which occurs on District grounds or property owned or controlled by the District; (ii) conduct which occurs in the context of District employment or an education program or District-sponsored activity within the United States, and (iii) conduct which occurs when the District has substantial control over both the Respondent and the context in which the sexual harassment or sexual misconduct occurs. The conduct must also fall within one of the following categories: (a) an employee of the District conditioning an aid, service, or benefit of the District on an individual’s participation in unwelcome sexual contact; (b) unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a student equal access to the District’s education program or activity; (c) sexual assault; (d) domestic violence; (e) dating violence; or (f) stalking.

2. Parties to a Formal Complaint: The only parties to a Formal Complaint are the Complainant, who is the person alleged to have been subject to misconduct, and the Respondent, the person who is alleged to have committed the misconduct.

3. Filing a Formal Complaint: A Formal Complaint may only be filed by a Complainant or the Title IX Coordinator. An employee or student Complainant may file a Formal Complaint in writing with the Title IX Coordinator in person or by mail, or by electronic mail. The Formal Complaint must be signed by the Complainant or by the Title IX Coordinator.

4. Immediate Actions Upon Receipt of Formal Complaint: Upon receipt of a Formal Complaint, the Title IX Coordinator will conduct an initial assessment of the allegations contained within the Formal Complaint to determine if the allegations in the Formal Complaint, if true, allege misconduct which may be investigated under the Formal Complaint process. If the allegations in the Formal Complaint do not allege misconduct which may be investigated under the Formal Complaint process, the Title IX Coordinator must dismiss the Formal Complaint and may proceed under other District policies or procedures. The Complainant will be provided notice in writing if the Formal Complaint is dismissed.

If the allegations in the Formal Complaint allege misconduct which may be investigated under the Formal Complaint process, the Title IX Coordinator shall provide the following to all known parties: (1) The complaint procedure as outlined in this policy; and (2) Notice of the allegations of sexual harassment, known by the District at the time of filing the Notice, including (i) the identities of the parties involved, if known, (ii) the conduct allegedly constituting sexual harassment, and (iii) the date and location of the alleged incident.

The Title IX Coordinator shall then provide the Formal Complaint and the Notice of the Formal Complaint to the District's Title IX Investigator.

5. Investigation of Formal Complaint: Upon receipt of a Formal Complaint, the Investigator will promptly investigate the allegations contained within, even if an outside entity or law enforcement agency is investigating a complaint involving the same facts and allegations. The Investigator will not wait for the conclusion or outcome of a criminal investigation or proceeding to begin an investigation required by this complaint procedure. If the allegation(s) involve possible criminal conduct, the District will notify the Complainant of his or her right to file a criminal complaint, and District employees will not dissuade the Complainant from filing a criminal complaint either during or after the District's investigation.

The Investigator will contact the Complainant, Respondent, and relevant witnesses to schedule interviews. All parties may bring up to two people to this meeting: (1) Support Person and/or (2) Advisor of Choice. The Advisor of Choice may or may not be an attorney. Neither the Support Person nor the Advisor of Choice can direct questions or comments to the Investigator, nor may the Support Person or Advisor of Choice advise a student or employee how to answer the Investigator's questions.

The Investigator will also aim to collect all tangible evidence relevant to the investigation.

The Investigator will complete the investigation within a reasonable time frame, as determined by the Title IX Coordinator. The factors to determine a reasonable time frame include, but are not limited to, the allegations of the Formal Complaint and the number of witnesses that may need to be interviewed. The time frame originally set by the Title IX Coordinator may be extended by the

Title IX Coordinator, upon notice to the parties, as deemed necessary to complete the investigation. Periodic status updates will be given to the parties, when appropriate.

(A) *Neutrality*: The Title IX Coordinator, Investigator, Decision-Maker, or any person designated by the District to facilitate this Formal Complaint process, shall not have any conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent. The District shall ensure that Title IX Coordinator, Investigator, Decision-Maker, and any person who facilitates this Formal Complaint process shall receive training on the definition of sexual harassment, the scope of the District's education program or activity, how to conduct an investigation and complaint process including hearings, appeals, and informal resolution processes, as applicable, and how to serve impartially, including by avoiding prejudgment of the fact at issue, conflicts of interest, and bias.

(B) *Burden of Production*: It shall be the Investigator's burden to gather evidence sufficient to reach a determination regarding the outcome of the Formal Complaint. To reach a determination, the investigation will include, but is not limited to:

- i. Providing the parties with the opportunity to present witnesses and provide evidence.
- ii. An evaluation of all relevant information and documentation relating to the alleged discriminatory conduct.
- iii. A consideration of various factors, including: (1) the nature of the conduct and whether the conduct was unwelcome, (2) the surrounding circumstances, expectations, and relationships, (3) the degree to which the conduct affected one or more students' education, (4) the type, frequency, and duration of the conduct, (5) the identity of and relationship between the alleged harasser and the suspect or suspects of the harassment, (6) the number of individuals involved, (7) the age and sex, if applicable, of the alleged harasser and the alleged victim(s) of the harassment, (8) the location of the incidents and the context in which they occurred, (9) the totality of the circumstances, and (10) other relevant evidence.
- iv. A review of the evidence using a "preponderance of the evidence" standard. To meet the "preponderance of the evidence" standard, the evidence must show that the discrimination, harassment, or retaliation more likely occurred than did not occur.

(C) *Rights of the Parties*: The Respondent is entitled to a presumption that the Respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the complaint process. The Investigator must provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence. The Investigator shall not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

The District retains the right to place any person on administrative leave during the pendency of the investigation. The District also retains the right to remove a Respondent from the District's educational program prior to the conclusion of the investigation. In the event of a removal, the Respondent shall have the opportunity to challenge the decision for removal by meeting with the Title IX Coordinator to discuss the removal.

(D) *Conclusion of Investigation:* Prior to the conclusion of the investigation, the Investigator shall send each party the evidence that is subject to inspection and review in an electronic format or a hard copy. This information shall be known as the “Draft Investigative Report.” The Draft Investigative Report shall include all evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which the Investigator does not intend to relay to the Decision-Maker. The parties shall then have ten (10) calendar days to submit a written response, which the Investigator will consider. Responses may not be submitted by the parties’ Advisor of Choice or Support Person, unless such person is the parent or guardian of the Complainant or Respondent. Responses may include corrections to the Investigator’s summary of the parties’ interviews, suggestions for additional investigation, or additional information not known at the time of the interviews. Any new information provided by the parties during the response period will not result in an additional time period for response by the other party unless determined necessary by the Title IX Coordinator. The Investigator is not obliged to respond to any question or requests for information in the parties’ responses. The Investigator will consider the information provided by the parties and will incorporate relevant information into the Final Investigative Report. The Final Investigative Report will fairly summarize the relevant evidence. The Investigator shall then submit the Final Investigation Report to the Decision-Maker. The parties shall each receive a copy of the Final Investigative Report at the same time as the Decision-Maker.

6. Actions Taken By Decision-Maker Upon Receipt of Final Investigative Report: Upon receipt of the Final Investigative Report, the Decision-Maker shall provide 10 days for each party to submit written, relevant questions that a party wants asked of any party or witness. Questions shall be submitted to the Title IX Coordinator who shall determine whether questions are relevant. The Title IX Coordinator shall contact parties or witnesses to request answers to the parties’ relevant questions. The Title IX Coordinator will provide each party, and the Decision-Maker with the answers provided by the opposing party or witness and allow for additional, limited follow-up questions from each party.

7. Notice of Determination: Once the Decision-Maker has received the answers to relevant questions submitted by the parties, the Decision-Maker shall consider the answers and the Decision-Maker shall issue a written determination regarding responsibility by a preponderance of the evidence within a reasonable time frame, as determined by the Title IX Coordinator. The Decision-Maker shall consider all relevant evidence, including inculpatory and exculpatory evidence, and will not consider the credibility of the evidence to be based on a person’s status, such as the Complainant, Respondent, or witness. The Decision-Maker shall provide the written determination to both parties simultaneously. The written determination shall include:

- (a) Identification of the allegations potentially constituting sexual harassment;
- (b) A description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather evidence;
- (c) Findings of fact supporting the determination;
- (d) Conclusions regarding the application of each recipient’s code of conduct to the facts;
- (e) A statement of, and rationale for, the results as to each allegation, including a

determination regarding responsibility, any disciplinary sanctions the recipient imposes on the Respondent, and whether remedies designed to restore or preserve equal access to the recipient's education program or activity will be provided by the recipient to the Complainant; and

- (f) The recipient's procedures and permissible bases for the Complainant and Respondent to appeal.

The Family Educational Rights and Privacy Act (FERPA) permits the District to disclose relevant information to a student who was discriminated against or harassed.

8. Sanctions: At the conclusion of the investigation, the Decision-Maker may institute disciplinary measures against the Respondent if the Decision-Maker determines that the Respondent engaged in sexual abuse or harassment. Disciplinary measures may include, but are not limited to, in-school suspension, out-of-school suspension, expulsion, and, in the case of an employee disciplinary action, up to and including immediate termination from employment.

The Title IX Coordinator is responsible for coordinating the implementation of supportive measures for the victim(s).

C. Appeals

If either party is not satisfied with the outcome of the investigation and the decision of the Decision-Maker, they may appeal on the following bases:

1. Procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
3. The Title IX Coordinator, Investigator, or Decision-Maker had a conflict of interest or bias for or against the Complainant or Respondent generally or the individual Complainant or Respondent that affected the outcome of the matter.

The request for an appeal shall be in writing and submitted on the appropriate document. The appeal document shall be submitted to the Superintendent.

Upon notice of an appeal by either party, the Superintendent of Schools shall notify the other party in writing when the appeal is filed and of the appeal procedures, which apply equally to both parties.

The Superintendent shall give both parties a reasonable and equal opportunity to submit a written statement in support of or challenging the outcome.

The Superintendent shall review the investigative report, Decision-Maker's determination, and written statements of the parties and then issue a written decision describing the result of the appeal and the rationale for the result. The Superintendent shall provide the written decision simultaneously to both parties.

D. Informal Resolution

If a Formal Complaint is filed, the District may offer the Complainant and Respondent the opportunity to participate in an informal resolution process. 2. The parties' voluntary, written consent to the informal resolution process; and
3. That the allegations of the Formal Complaint do not involve any allegations that an employee sexually harassed a student.

E. Record Keeping

The District will maintain relevant documentation obtained during the investigation and documentation supportive of the findings and any subsequent determinations, including the investigative report, witness statements, interview summaries, and any transcripts or audio recordings, pertaining to the investigative and appeal proceedings for a period of seven (7) years.

Community RelationsDesignation of Coordinator

Randolph Public Schools does not discriminate on the basis of disability in the admission or access to, or treatment or employment in, its programs or activities.

The Superintendent shall either coordinate or designate one or more persons to coordinate Randolph Public School's compliance with the requirements of the Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973, as amended (ADA and Section 504).

The Coordinator shall take such actions as required to maintain compliance with such laws; to provide information concerning such laws and their applicability to the services, programs, or activities of the District; and to resolve any complaints or grievances related to alleged non-compliance by the District with such laws.

In the event an employee has a disability and is in need of a reasonable accommodation to perform the employee's duties or to otherwise receive benefits and privileges of employment equal to those enjoyed by similarly-situated employees without a disability, the employee is to inform their supervisor and request a meeting with the ADA Coordinator to discuss the provision of reasonable accommodations.

In the event a student has a disability and needs or is believed to need special education or related services, the 504 Coordinator shall initiate the 504 evaluation and accommodation process.

The Board of Education has adopted a plan regarding the accessibility requirements of persons with disabilities who use school facilities as required by the ADA and Section 504. Members of the public may review the accessibility plan by contacting the Superintendent at the school's administrative offices. Service Animals

Individuals with a disability shall be permitted to use a service animal on school premises as and to the extent provided by law.

1. Definition of Service Animal

A service animal is a dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability. Other species of animals are not service animals for the purposes of this definition, though miniature horses are in certain circumstances entitled to similar treatment.

The work or tasks performed by a service animal must be directly related to the handler's disability. Examples of work or tasks that a service dog may perform to meet this definition include:

- Navigation: assisting individuals who are blind or have low vision with navigation and other tasks,
- Alerting: alerting individuals who are deaf or hard of hearing to the presence of people or sounds,
- Protection: providing non-violent protection or rescue work,
- Pulling: pulling a wheelchair,
- Seizure: assisting an individual during a seizure,
- Allergens: alerting individuals to the presence of allergens,
- Retrieving: retrieving items such as medicine or the telephone,
- Physical support: providing physical support and assistance with balance and stability to individuals with mobility disabilities, and
- Interrupting behaviors: helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

Work or tasks that are excluded from meeting the definition are:

- Guard dogs: the crime deterrent effects of an animal's presence and
- Companion dogs: the provision of emotional support, well-being, comfort, or companionship.

2. Permit Presence of Service Animals

An individual with a disability shall be permitted to be accompanied by his or her service animal in all areas where members of the public, participants in services, programs or activities, or invitees, as relevant, are allowed to go. A bona fide trainer of a service animal also has the right to be accompanied by such animal in training. The individual may not be required to pay an extra fee for the service animal to attend events for which a fee is charged.

Service animals may be excluded from school premises if:

- a. The service animal is out of control and the service animal's handler does not take effective action to control it;
- b. The service animal is not housebroken; or
- c. The presence of the service animal poses a direct threat to the health or safety of others. To determine whether a "direct threat" exists, an "individualized assessment" is to be made to ascertain: the nature, duration, and severity of the risk; the probability that the potential injury will actually occur; and whether reasonable modifications of policies, practices, or procedures or the provision of auxiliary aids or services will mitigate the risk.

3. Control of the Service Animal.

The service animal must be under the control of its handler. In most cases, the dog must have a harness, leash, or other tether. The service animal does not need to be on a leash, however, if the handler is unable because of a disability to use a leash. A leash is also not required if it would interfere with the service animal's safe, effective performance of work or tasks. If either of the leash exceptions applies the service animal must be under the handler's control via voice control, signals, or other effective means.

4. Responsibility for Care or Supervision.

The school district is not responsible for the care or supervision of the service animal. The individual with the service animal shall be liable for any damage done to the premises or facilities or to any person by such animal.

5. Inquiries.

When addressing a service animal matter, staff shall not ask about the nature or extent of the person's disability.

Staff may not ask questions about the dog's qualifications as a service animal when it is readily apparent that the dog is trained to do work or perform tasks for an individual with a disability. Examples include where the dog is observed guiding an individual who is blind or has low vision, pulling a person's wheelchair, or providing assistance with stability or balance to an individual with an observable mobility disability.

Where it is not readily apparent that the dog qualifies as a service animal, staff may ask if the dog's presence is required because of a disability and what work or task the dog has been trained to perform. Staff may not require documentation, such as proof that the dog has been certified, trained, or licensed as a service animal.

Community RelationsFund Raising Activities

Fundraising is the selling of a product, providing a service or activity, or requesting donations of any kind. School fundraising directly funds school programs and student organizations.

A. General Guidelines.

The School Board of Randolph Public Schools recognizes a desire and a need for ongoing fundraising support. The school board also recognizes a need for restraint to prevent fundraising activities from becoming too numerous and overly demanding on employees, students, and the general public.

All fundraising for student organizations and charitable giving campaigns must have prior administrative approval. School District employees who supervise official school programs or extracurricular activities are directed not to organize, conduct, or involve students in fundraising activities unless the fundraising activity has been approved by the building administration.

B. Student Organization Fundraising.

Student organizations are groups that are sponsored by the district and approved by the school board. They are designed to provide opportunities for students to participate, on an individual or group basis, in school and public events for the improvement of skills. Student organizations are directed or supervised by School District staff.

1. Approval Criteria. Student organization fundraising activities are to be considered for approval based on the following criteria: (1) the project will be fun and safe for students, (2) students will not be exploited for sectarian, political, or commercial purposes, (3) the project will accomplish the goals for the fundraiser without undue risk of financial loss, (4) the project will be consistent with the mission and goals of the School District and the student organization, (5) the number of fundraisers run by the particular student organization and within the school and the District within the last twelve months, and (5) the project meets all legal requirements.
2. Food Sales. The sale of foods as a fundraiser is subject to the School Wellness Policy.
3. Safety Considerations. The District does not sponsor activities involving driving vehicles unless a school employee or sponsor or a responsible adult is driving. Parent approval must be given before any student is permitted to participate in door-to-door sales.

4. Non-Approved Activities. The following activities may not be approved as fundraising activities: raffles, lotteries, car bashes (or other comparable destructive activity), and direct solicitation of money.
5. Contracts. Teachers, coaches and sponsors are not authorized to sign contracts for the procurement of items to be sold or used in student organization fundraisers. Any contract that obligates school funds shall be submitted to the building principal for approval and execution.
6. Purchases. All purchases related to student organization fundraisers are to be made in the school district name. Deliveries of fundraising items for sale shall be made to the school building, not to personal addresses. Items shall be kept in a secure place to avoid theft. Items which are overpriced or of an embarrassing or controversial nature to the school will be rejected. Items which are in direct competition with local businesses shall be avoided where practicable.
7. Money-Handling. All funds collected must be given by the fundraiser sponsor intact (i.e., cash and checks must be deposited in the same cash/check mix in which they were received) to the building principal or designee for deposit into the School District depository account no later than the next school day following receipt. Funds may not be deposited into personal accounts and may not be taken home.
8. Inventory. The fundraiser sponsor shall maintain an inventory of items related to the project. Upon completion of the project, unsold items may not be given away. The items shall be returned to the vendor for credit, sold at reduced prices in a clearance sale, or kept for sale in a future student organization fundraising event.
9. Disbursement of Fundraising Proceeds. Fundraising proceeds shall be disbursed to and used by the student organization for the purposes for which the project was initiated.
10. Records. The fundraiser sponsor shall submit all records related to the fundraising project at the conclusion of the project. The records to be maintained and submitted include: fundraiser approval, purchase order or procurement card receipt, invoices and packing slips, student checkout sheets, deposit receipts, inventory of merchandise and list of unsold merchandise, receipt for return of merchandise and records of credit or receipt for returned merchandise.
11. Student Conduct. All students who participate in approved fundraising activities are expected to represent the school, the student organization, and the community in a positive manner. All rules pertaining to student conduct and student discipline extend to student fundraising activities.

If a donation of cash or equipment is offered to a staff member for a school organization or the School District, the coach or sponsor shall refer the intended donor to the building administration. If the donor insists on giving the cash or equipment immediately, the staff member shall turn the donation over to the building principal immediately upon receipt.

Coaches or sponsors who also coach, manage or otherwise participate in club teams or similar non-school organizations must clearly separate any student organization fundraising from fundraising activities for their club team. Such individuals who receive donation offers must

request that the donor be very clear as to whether the donation is intended for the student organization or the club team.

C. Fundraising by Outside Organizations.

Outside organizations are non school-funded groups such as parent/teacher organizations, sports booster groups, and commercial enterprises that provide supplementary services to existing school entities. Outside organizations are separate and apart from the School District. Decisions on fundraising activities and the expenditure of fundraising proceeds should involve consultation with the school administration.

Independent sales consultants may not use schools as a source of sales, even if the consultant intends to donate a portion of the funds raised to the school. An independent sales consultant includes individuals who operate as a franchisee for businesses that sell products such as food storage containers, cosmetics, etc.

D. Charitable Giving Campaigns.

A charitable giving campaign is fundraising conducted for the purpose of providing money for a charitable cause not directly related to any District goal. Purposes for which such a campaign may be permitted include fundraising for student scholarships or student exchange programs, to assist families within the District who have experienced a catastrophe, or to fund community projects.

Any fund-raising activity conducted by any such organization using Randolph Public Schools' facilities or using the District's name in solicitation of donations must have prior approval of the Randolph Public Schools' Board of Education. If the request is approved, the organization shall include a statement that the Randolph Public Schools is not endorsing the organization or campaign and has no affiliation with the event.

District funds cannot be used to off-set, front-fund, or pre-pay expenses for any charitable giving campaign.

Date of Adoption: July 21, 2014

Community RelationsGifts to the School District

The Board of Education welcomes monetary and material contributions or other types of citizen contributions to the general school program. All donations become the property of the School District and will be used in the interest of all of the children of the School District.

The Randolph Area Foundation is recognized as an appropriate tax-exempt charitable organization for receipt and management of such gifts.

Gifts to School Employees

Gifts to employees from parents or students, with a monetary value in excess of \$30, are to be referred to the Randolph Public Schools' Education Foundation for disbursement.

Students and patrons shall not in any way be encouraged to give personal gifts to school personnel. If gifts are offered, school personnel should minimize such acts and avoid publicity or public recognition to such gifts or publicly praise the donor.

Gifts by School Employees

Gifts to students by their teachers or other employees who serve the student as part of their employment are not to be made. Exceptions are allowed for a homebound or seriously ill child, and in other cases where administrative approval has been given.

Date of Adoption: July 21, 2014

Community RelationsParent Organizations

The Board of Education encourages the establishment of parent organizations in the school. Such organizations are vital factors in establishing and maintaining positive home-community-school relationships and their value is recognized by the Board. Parent organizations should coordinate their efforts through the school's administrative offices prior to planning events or activities.

The Board of Education supports the concept of using parents and others as volunteers in the school, not to replace professional staff, but to enrich the educational opportunities for the students. Volunteers may be subject to screening for appropriate qualifications and background to perform assigned tasks.

Date of Adoption: July 21, 2014

Community RelationsCitizens' Advisory Committees

From time to time the board of education will exercise its judgment in appointing citizens' committees to perform specific duties or give general advice concerning school issues and activities. In addition, some committees will be appointed as adjuncts to educational programs in order to comply with the regulations set forth by accrediting agencies or other government bodies.

1. All of the above referenced committees serve at the pleasure of the board, and they shall not assume duties or authority on any matters other than those explicitly defined by the board.
2. Prior to establishing a committee the board of education will discuss the need for establishing the committee with the superintendent of schools. Recommendations for membership to the committee will be accepted from the board, the administration, and former committee members, but all committee membership lists will be formally approved by the board at an official meeting of the board of education.
3. All committees, unless otherwise specified at the time they were formed, will be dissolved and cease to function at the close of each school year.
4. All committees will elect at least a chairperson and a recording secretary. These individuals shall be responsible for making timely progress reports to the board of education on the committee's activities.
5. The logistics of meeting times and agendas shall be coordinated through the office of the superintendent of schools or another administrative unit so designated at the time the committees are formed.
6. All board members will be entitled to attend meetings of each citizens' committee and to information as to the status of the citizens' committee progress. Individual board members may be designated as liaisons between the board of education and the committees. Unless the citizens' committee is established with the declared intent of being subject to the public meetings requirements, the citizens' committees shall not hold hearings, make policy or take formal action on behalf of the Board, shall make their report or recommendations to the Superintendent (who shall make such report to the Board as determined appropriate) and not to the Board, and board members shall not be members of such committees.

Date of Adoption: July 21, 2014

Community RelationsSchool Personnel and the Public

While it is the superintendent of school's responsibility for district-wide public relations, it is the board's belief that all school employees are obligated to promote a positive image of the school district, its programs, and students. To that end, all employees are encouraged to use tact, patience, and courtesy in their relationships with students, parents, and district patrons and to serve as good role models in their personal conduct.

Community RelationsPublic Performances by Students

Participation in community celebrations, patriotic observations, or other special events by bands, choral groups, athletic teams, or other student groups is recommended by the board of education as a means for establishment of better public relations between the school district and the community. School principals are urged to cooperate with any group or groups having promotion of the welfare of the youth of the community as their purpose, provided that youth of every race, religion, nationality, and social strata benefit equally.

In determining whether a building or buildings should be closed, the Superintendent or Superintendent's designee is encouraged to receive input from law enforcement, health officials and other experts.
